Villa Parker's team of event professionals will put their heart and soul into providing the best in venue and venue services. Attention to detail starts at the very beginning when your Event Manager begins working with you to fully understand your goals for your special day...and will make sure all goes according to plan so you may completely enjoy your wedding day. Together with Tony Rosacci's Wedding Specialist, every effort will be made to make your dream wedding a fantastic memory. VillaParker.com

The Process

Once you have selected the Villa Parker as the location of your wedding and/or reception, one of the two Wedding Specialists at Tony Rosacci's Fine Catering will guide you through the rest of the process.

It would be the goal to set up one meeting with the following in Tony Rosacci's corporate office so you can meet...

- The caterer...to taste the menu you have selected
- The florist...to discuss your wedding floral needs
- The DJ...to discuss your music list and goals for the evening

It is our recommendation to meet the photographers one by one to select from the three on the list. Each offers slightly different packages and it is important to work with the photographer you are most comfortable with and who's product represents your style.

Also, since there are many varieties of cake, it is recommended that you call and make your personal appointment with our recommended wedding cake company. They will be happy to meet with you privately to discuss and design your wedding cake.

Essence Imagery

About Alyson – The photographer
My passionate quest for the perfect “job” began many years ago, but it wasn’t until I picked up a camera that I realized what I was meant to do. When I’m looking through the lens, I feel so alive. The camera allows me to be creative, artistic, intense, and uniquely me. I have an obsessive attention to detail, which allows me to see beyond the usual “photo op” and helps me to capture a myriad of genuine emotions from everyone that I work with.
